Oakland 2025 Master Plan: Project Development Workshop

From code enforcement to housing development, greening projects, public art, citizen engagement, and much more, the Oakland community is moving closer to the Oakland 2025 vision.

To keep things going in a positive direction, join your colleagues and community members at a workshop to brainstorm even more Oakland 2025 implementation action steps.

OPDC will host a session led by an independent facilitator. We will gather information on existing projects and brainstorm ideas to move forward other plan recommendations. We'll also discuss ways to ensure our most vulnerable citizens have the resources and services they need to succeed here in Oakland.
